

# the government wants us to **PAY MORE WORK LONGER GET LESS**

Think that public sector pensions are unaffordable, unfair and unsustainable? Think again. The average public sector pension is £4,000 a year. Our pensions are paid from our own contributions as well as a modest employer's contribution. Our pensions were overhauled back in 2006 and are projected to cost less and last. This is all true, even confirmed by the Hutton Report into our pensions just released.

What the Government is spinning is a yarn, designed to divide and deceive ordinary people from what the real issues are that face us.

That's why over 30 public sector unions are taking action on November 30th. Not because we're greedy – but because we want a dignified retirement where we get back what salary we deferred, and to be able to support ourselves, rather than relying on state benefits.

**MARCH:** Assemble outside Kingston University, set off at 10.00am  
**RALLY:** 11.00am, Richard Mayo Centre, Eden Street  
**For more information, call Kit 07851 303 922 or Matt 07795 190 036 or email [kingstonunites@aol.co.uk](mailto:kingstonunites@aol.co.uk)**

**PRE-STRIKE RALLY:** Speakers include local trade unionists from the University, the college, councils and more.  
**Wednesday 23rd November, 7pm, Richard Mayo Centre, Eden Street**

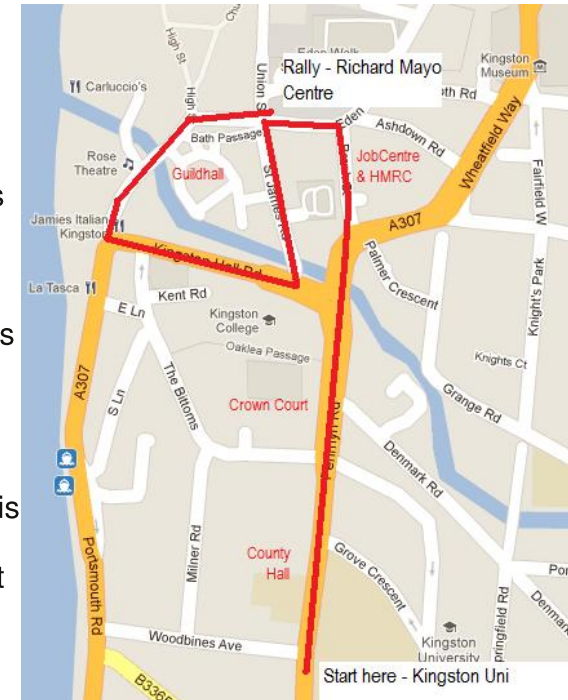

**HANDS OFF OUR PENSIONS**  
SURREY STANDING UP FOR PENSIONS JUSTICE  
A CAMPAIGN BY SAVE OUR SERVICES IN SURREY
